

BOSCO Plus

- BOSCO is involved in updating knowledge and facilitating training programmes on various target oriented areas for the benefit of the BOSCO's Executives, Staff & Other Beneficiaries.
- This year from April to November 2007, Bosco Delhi conducted many Training Programmes around the country. But the majority of the training programmes were conducted at the Bosco Delhi's Head office itself. Twelve training programmes were conducted for different groups, like Bosco's Executives, Staff, Vocational Trainees etc.
- Most of the training programmes were aimed at the efficient running of the COMIDE project. The various Training Programmes dealt with Project Management, Life Skills & Employability, Leaders Capacity Building, Result Based Management and Periodic Evaluation of COMIDE Project. There were also Curricula Training for the instructors in Tailoring and Electrical Trades.
- All the training Programmes were residential. The participants were empowered through new tools & techniques to make their work more effective and productive. The trainees were also given opportunity to interact with members and to share their views, problems and success stories in group.
- A fully equipped Training Hall, wholesome food, comfortable rooms, transportation facilities, efficient resource persons, and a family atmosphere contributed to the success of the training programmes as is evident from the evaluation given by the trainees.
